BELIEVING IN
yourself
IS THE FIRST
SECRET TO
Success

Dear Reader,

The document you are holding is the result of work performed by the team of professionals of QUALIKEMS. It is the fruit of our teams extensive technical experience combine with the collaboration of our customers, who have offered us their valuable comments and proposals for improvement.

At Qualikems, we have been working and investing for many years with our thoughts focused on the long term. Only thus can this comprehensive catalogue be kept up to date with the products you need.

Our highly trained workforce, using state of the art technology, is the driving force behind the management of our modern factory, and our principal aim is to guarantee that the QUALIKEMS product range meets the conditions you require.

QUALIKEMS reinforces industrial character and the path to progress we have continuously forged over the years. This path requires the responsible use of resources and the sustainability of our business activity. It is likewise requires and ability to keep on growing as the way to earn and to preserve our status as the leading supplier of laboratory reagents to our Clients

Ashok Sahni

Managing Director
QUALIKEMS FINE CHEM PVT. LTD.

Our Vision

To be the market leader in “Fine Chemicals domain” with a global perspective by exceeding customers expectation in quality and services, attain operational excellence in manufacturing, total quality management, safety and supply chain facilitate through our fully compliment State-Of-The-Art manufacturing plant.

Our Mission

To delight our Customers, Stake Holders and Employees by consistently manufacturing high quality products through Innovation, Research & Development and by maintaining Global Best Practices in quality standards and safety.

Our Core Values

➡ **Integrity** ➡ **Customer First** ➡ **Commitment**

➡ **Respect for Individual** ➡ **Contribute to the Society**

PRODUCT CLASSIFICATION & GRADE INFORMATION

AR/ACS

The reagents exceed the specifications of American Chemical Society's 11th edition and are ideally suitable for quantitative chemical analysis.

AR Grade

The AR grade reagents meet the highest purity standards are ideally suitable for quantitative chemical analysis in food, pharmaceutical, metallurgy and environment analysis.

For Biochemistry

The reagents are suitable for biochemical studies and are tested for heavy metals, insoluble matters and other product specific critical parameters.

For Microbiology

Microbiological culture media ingredients are free from toxic inhibitors and ensure optimum Microorganism growth in culture media. These products are used in pharmaceutical, biotech and clinical research and are available in small and bulk packs.

For Microscopy

The range of stains and reagents used in clinical diagnosis through Histology, Cytology and Haematology examination, these stains and reagents are tested for chemical purity and functional performance.

For Synthesis

The Synthesis grade reagents are used as building blocks, specific reagents for acetylation, alkylation, reduction and oxidation etc for chemical synthesis.

Food Grade

Range of Food additives comply to Codex General Standard for Food Additives (GSFA), FSSAI & International Standards like FCC.

Gradient HPLC Solvents

The solvents are tested as per ACS, 11th edition on gradient elution test. These solvents are free from UV absorbing impurities and ensure consistent result in gradient analysis.

HPLC and Spectroscopy

The solvents are suitable for HPLC, UV spectroscopy and are tested for purity, absorbance and impurity profile.

HPLC Buffers and Ion pairing reagents

To ensure reproducibility and reliability in your HPLC analysis, in addition to range of HPLC solvents, Qualikems offers HPLC grade acids, buffers and ion pairing reagents. These products are tested for UV absorbance insoluble matter, interfering metals and other product specific tests.

Karl Fischer reagent

Karl Fischer reagent is "Pyridine free", single solution with a consistent & stable factor ensuring accurate reproducible results. KFR is used for moisture estimation in food, pharmaceuticals, oil industries etc.

pH Indicator paper and test paper

Qualikems offer range of indicator papers & test papers for pH monitoring of soil, waste water, textile, leather, pigment and dyes industries etc. These papers ensure uniform colour, instant colour development and accurate result.

Extrapure / Purified

The reagents are suitable in qualitative, semi quantitative analysis, organic synthesis and general use in laboratory . This grade complies to critical tests of raw material used in API, agrochemicals and specialty chemicals.

EL Grade

The EL grade chemicals specification conform to the International standards with very low level of metallic impurities. Products are available in small and bulk packs.

GLOBAL HARMONIZATION SYMBOLS

The GHS Pictograms included in the product listing provide instant hazard recognition for your convenience and safety.

Exclamation Mark

- Irritant (skin and eye)
- Skin Sensitizer
- Acute Toxicity (harmful)
- Narcotic Effects
- Respiratory Tract Irritant
- Hazardous to Ozone Layer (Non Mandatory)

Health Hazard

- Carcinogen
- Mutagenicity
- Reproductive Toxicity
- Respiratory Sensitizer
- Target Organ Toxicity
- Aspiration Toxicity

Flame

- Flammables
- Pyrophorics
- Self-Heating
- Emits Flammable Gas
- Self-Reactives
- Organic Peroxides

Corrosive

- Skin Corrosion / burns
- Eye Damage
- Corrosive to Metals

Exploding Bomb

- Explosives
- Self-Reactives
- Organic Peroxides

Flame over Circle

- Oxidizers

Skull and Crossbones

- Acute Toxicity (Fatal or Toxic)

Environment (Non-Mandatory)

- Aquatic Toxicity

Gas Cylinder

- Gases under Pressure

Technical data sheet and certificate of analysis

The technical data sheets for our products are shown on our website. Here you will also find QUALIKEMS quality certificate for the product you require

ORDER INFORMATION

Our business hours are from 10:00 to 6:00 hours.

Please place your orders during business hours.

Lot ordering

Customers are requested to place their orders for products in their lot sizes as much as possible. E.g. 4x2.5ltr. or 20x500ml., so on and so forth. Lot shipments are easier to handle and reduce any chance of breakage or damage during transit.

Quotations

For special products, or customized packing, please place your requests via mail / email or fax only. We shall revert back to you with availability & pricing information at the earliest.

Bulk Packs

Please get in touch with us for special pricing on products required in their bulk packs.

Custom Manufacturing

Qualikems may also be able to supply products not listed in this catalogue. Please get in touch with us for your customized product requirements. We shall be most glad to evaluate them.

ORDER

TERMS & CONDITIONS

Price

The prices set out in this Price List are the maximum price effective 01ST Sep, 2021 and it is open to all parties to sell the products at prices lower than the price set out.

The prices quoted here are consumer prices applicable at the time of printing and are subject to alteration without notice. Goods shall be invoiced at prices ruling on the date of despatch.

Taxes and Duties

The prices quoted here are exclusive of GST. for exemption of GST the required declaration or exemption certificate should accompany the order.

Bulk Requirements

Bulk packs of products will be considered at special prices for specific needs of actual user. The delivery period in such cases will be at least 2-3 weeks.

Customers

All products listed in this price list are sold to stockists, who in turn effect supplies to dealers and/or consumers. However, the Company in its discretion may accept orders from customers, provided the value of such order is over Rs. 10,000/-. In the case of direct orders received by the company, the following additional terms will be applicable.

Delivery

- While every effort will be made to adhere to delivery dates, no responsibility is and will be accepted for non delivery or for delayed delivery.
- Items offered are subject to the good being in stock on the date of receipt of order.
- For mineral Acids the quantity ordered of the 500 ml pack should be in multiples of 8 and that of 2.5 liters pack in multiples in 4.

Freight

All orders of invoice value of Rs. 20,000/- (after discount & GST)and above are offered F.O.R. destination station by Road Transport or Goods train. Goods for invoices valued at less than 20,000/- will be sent on freight 'To Pay' basis.

Insurance

- All goods are packed with utmost care and forwarded at customer's risk.
- No responsibility is taken for breakages or loss in transits. Such claims should be sent to carriers without delay.
- Goods can be insured at the customer's request @ 1% of the invoice value. Charges for insurance are and will be made on the invoice it self.

Amendments or Cancellations

An order once placed shall not be cancelled.

For any clarifications or assistance please feel free to write to Customer support cell:

MANUFACTURING PLANT BASED IN VADODARA

Qualikems manufacturing plant is located in the prominent industrial area of GIDC, Nandesari, Vadodara, Gujarat, Manufacturing facility is spread in a area of 2 acres of land, our manufacturing plant is designed as per the safety norms to deliver highest quality products & gain satisfaction of our valued customers.

QUALITY SYSTEM

Company quality system is based on ISO 9001, ISO 14001, ISO 45001 International standard. The quality management system is documents in a way to maintain continuous improvement and ensure effectiveness in accordance with the requirements of the International standards.

We have well equipped quality control lab which is having defined area for wet chemical analysis and Instrumentation. We are having the modern instruments like, HPLC, GC, UV, Auto titrator, Karl Fischer and many more.

We also have powerful quality assurance support for renewal of new quality guidelines.

RESEARCH & DEVELOPMENT

We always support for new development, so we have also equipped with advanced research & development team for new process development, support for existing processes, quality enhancement.

R&D consist of scaleup pilot plants as well as chemical research lab.

Having advance process equipment's for process development.

MANUFACTURING PLANT INFRASTRUCTURE

The company has well equipped manufacturing facility having advanced manufacturing equipment's required to produce a quality product.

We have dedicated manufacturing facility for Inorganic salts which is having Automated reactor, centrifuges and drier.

Manufacturing facility is ISO, FSSAI certified for significant implementation of quality management.

Having advanced packaging system for proper packaging of finished goods.

HPLC Solvents

Range of HPLC Solvents

Qualikems offers a range of commonly used solvents for High Purity Liquid Chromatography applications as well as

Acetic Acid
Acetone
Acetonitrile for Preparative HPLC
Acetonitrile
Acetonitrile Gradient grade
Benzene
Benzyl Alcohol
Butan-1-ol (n-butanol)
tert-Butnol
Butan-2-one
(Methyl ethyl ketone)
Butan-2-one
(Methyl tert-Butyl ethyl, MTBE)
Chloroform
Cyclohexane
1,2-Dichloroethane
Dichloromethane
Diethylamine
Diethyl ether
1,2 Dimethoxyethane (Monoglyme)
N,N-Demethyl acetamide
N,N-Dimethyl formamide
1,4-Dioxan (stabilized)
Ethyl acctate
n-Heptane 99%
n-Hexane 99%
N-Methyl-2-pyrrolidone
iso-Octane
n-Pentane
Petroleum ether 40-60 deg C
Phosphoric acid
Propan-1-ol (Propanol)
Propan-ol (IPA, Isopropanol)
Pyridine
Tetrahydrofuran
Toluene
Triethylamine
Trifluoroacetic acid 99.8%
Water

Karl Fischer Reagent

Qualikems KARL FISCHER
reagent is the finest for moisture determination.

This product is available in
2x250 ml pack size in easy to use glass container

Pyridine free
Min factor : 5.5 +
Sharp & stable end point
Accurate & reproducible results
High titration speed
Appropriate viscosity for use in automatic/manual titration
No Separation
Higher Stability

NOTES

Bulk Packs

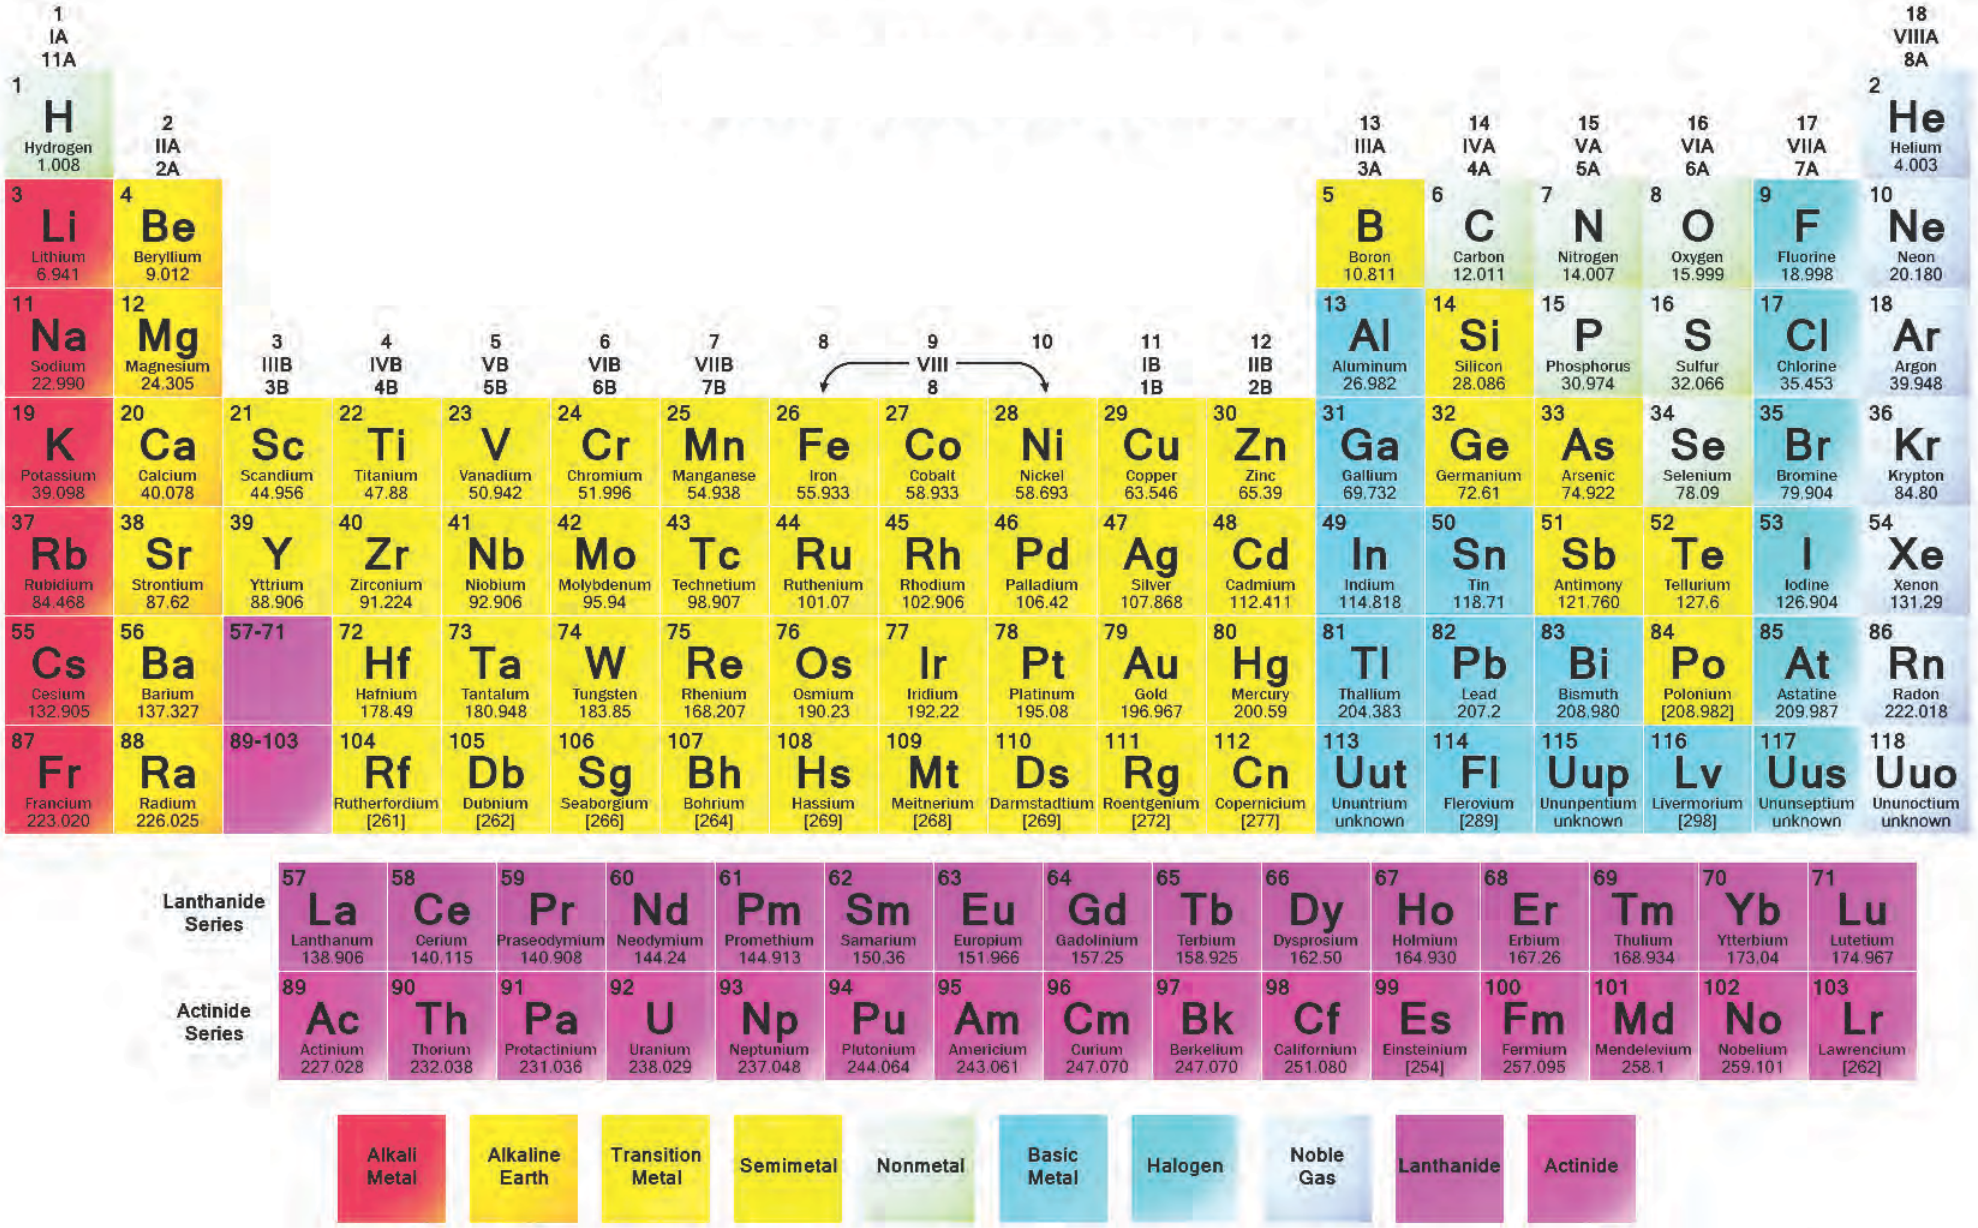
To address manufacturing and product purification need, Qualikems offers economical, environment friendly and transport worthy

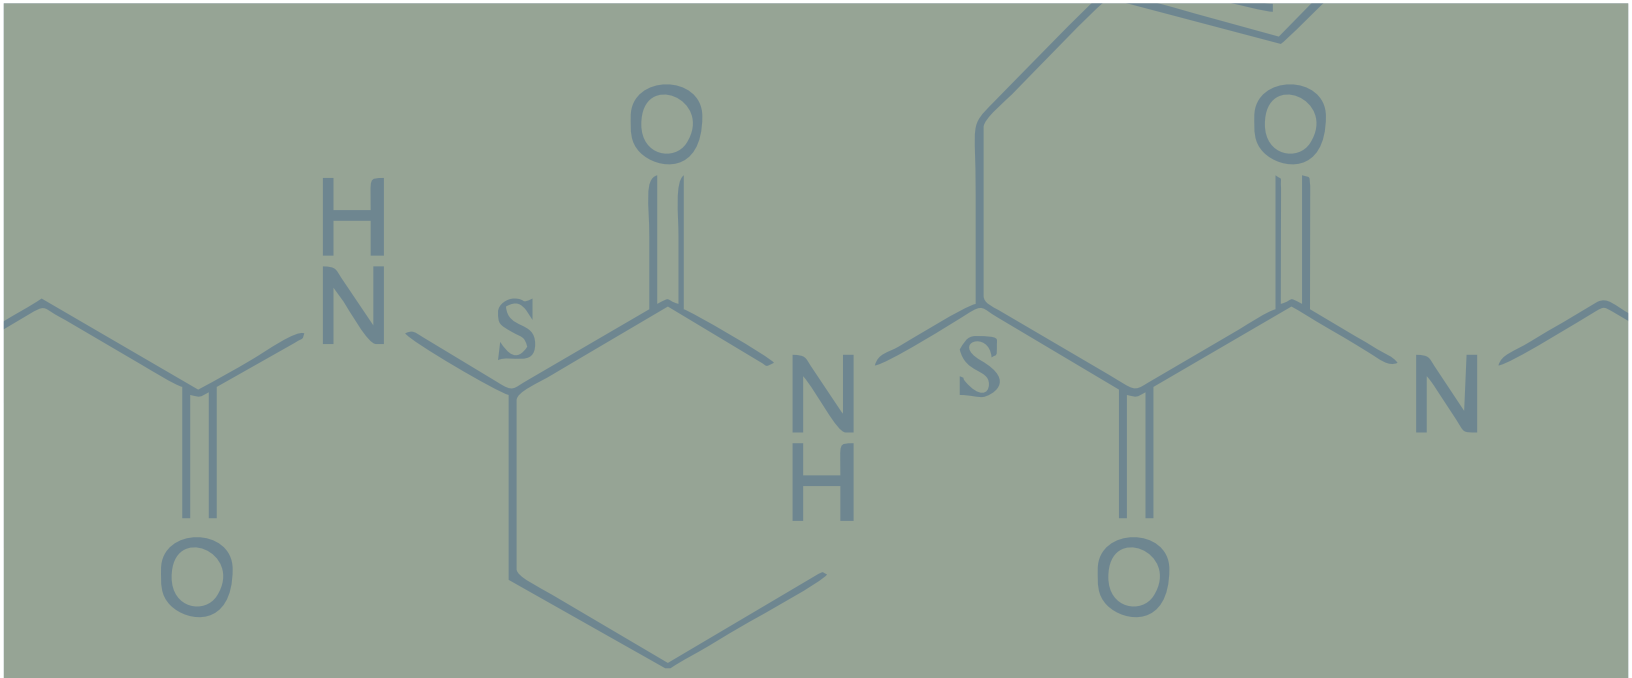
Bulk Packing from

25 Ltr to 200 Ltr & 25 kg to 50 kg

Qualikems

Periodic Table of the Elements





A
